

MARCH PRAYER FOCUS

- Pray that we would be awakened to an expression of prayer that flows from deep within our soul, yearning to see God move in us, through us, and around us.
- Pray that we would be ready to receive criticism for doing good, for the glory of God's will.
- Pray for federal government employees, contractors, and those in government-adjacent businesses who are facing job losses or seeking new employment.
- Pray for our search for a new Youth Pastor and an Executive Pastor. Ask God to bring the right individuals to shepherd our church, both now and in the future.
- Pray for those participating in the Alpha program this semester, that their questions about faith, life, and God will be answered by God in a real and tangible way.
- Pray that we would be a people sensitive to those who need compassion.
- Pray for our immigrant brothers and sisters in this country, that they may find peace and safety to worship God, attend school, work, and be with their loved ones.
- Pray for the next generation who desire to follow God but face hostile opposition in living out their faith.
- Pray that God would heal and restore broken marriages, lost relationships, and struggling families.
- Pray that God would perform supernatural healing in the lives of our church family who are suffering from medical issues that cannot be resolved without his intervention.
- Pray for the individuals you plan to invite to Easter worship services this year. Bring their names before God in prayer before extending the invitation.
- Pray the women attending the retreat will be blessed with God's peace, guidance, and deeper connection with each other.

CEDARBROOK
